Read attentively the following advises:

All the traveling expenses and transfers in France as well as all the ones from one place of the competition to another competition will be taken in charge by the participants **That needs imperatively each delegation to do the necessary to rent the vehicles** (attention: Easter week-end is a period with overbooking for the location company's of vehicles. So it is necessary to rent as soon as possible to have a car in a category with accessible price).

2) The organization of 3 tracks will refund 10 euros per night for a maximum of 4 nights (Friday, Saturday, Sunday, Monday) = 40 € per skater who will actually **participate** in the totality of the competition. **50 competitors maximum** by delegation as well as: **1** leader from 2 to 7 skaters; **2** leaders from 8 to 12 skaters; **3** from 13 to 17; **4** from 18 to 22; **5** leaders from 23 to 50 skaters.

Skaters over 50 and leaders over 5 are accepted but will not be supported.

To adapt your housing to the geographical situation of the different places of competition and the schedules of the program, we advise them to sleep on Friday and Saturday night in **Toulouse**, on Sunday night in **Bordeaux**.

4) Food:

The organization offers to the skaters the following meals: Saturday lunch and night at Pibrac, Sunday midday and night and Monday midday at Gujan-Mestras. Tickets of free lunch will be delivered to the delegations.

All those information's should permit you to take the decision of participating in the competition knowing all about it. Pay attention to all the indications we just gave you. That will avoid any surprise or trouble at your arrival in France. Remember that the even is supported by three clubs with very few people who can not assume, with a lot of regret , all the conditions of welcoming at the level of the importance of that event which is unanimously recognized (out of championship) as the most important trial on track in the world.
